

Technical Specifications

Modular Tanking Solutions (MTS) products enable the user to carry any liquids (including dangerous and hazardous liquid cargo) one way, and return with solid cargo thereby negating a costly, environmentally damaging empty leg.

PRODUCT SPECIFICATIONS

Dimensions:	<p>Height: 1.448 meters (Exactly half the height of a High-cube container)</p> <p>Length: 5.9 meters (Exactly the same footprint of a 20ft container)</p> <p>Width: 2.35 meters (Exactly the same footprint of a 20ft container)</p>
Loading Capacity:	14.7 cubic meters
PMT Types and Weights:	<p>Mild Steel: 2.2 Tons (S355JR)</p> <p>Aluminium: 1.1 Tons (5182)</p> <p>Combination: 1.7 Tons (Steel Frame, Aluminium Barrel)</p>
Extendable Legs:	<p>Maximum: 1 200mm</p> <p>Recommended: 800mm</p>
Handling:	<p>>3.5 Tons Forklift</p> <p>Reach Stacker</p> <p>Crane</p>
Compatibility:	<p>Road Transportation</p> <p>Railway Transportation</p>
